## **PLEASE CONSIDER BEFORE SUBMISSION**

To reduce number of 'referrals', please clean the diamonds thoroughly with ethyl alcohol before submission.

## **IMPORTANT NOTES**

- ✦ 'Results given are based on screening of the given packet only for natural diamond, synthetic diamond or non-diamond and does not indicate the presence or absence of treatments. The test/s for identification of treatment/s are not conducted in this category of certification.
- ✦ Pieces marked as "referral" require further analyses, hence, for their conclusive identification, they should be submitted under regular packet-lot category.
- ✦ Results given in this report are based on screening of the diamond packet in specialized instrument/s available at GTL Jaipur, meant for screening only. When tested with scientific analytical tools, the results may vary.
- ✦ Report will become invalid once the packet is opened.
